## Questions Presented

I Did the prosecution use evidence that was taken from an illegal search and seizure?

Plaintiff-Appellee says "NO"

Defendant Appellate says "Yes"

II Did the prosecution knowingly use false testimony taken under OATH from State witnesses? And the DNA evidence providing his innocence?

Plaintiff - Appellee says "No"

Defendant Appellate say "yes"

~~III Did Appellates trial attorney fail to be effective during the criminal trial?~~

~~Plaintiff - Appellee says "No"~~

~~Defendant - Appellate says "yes"~~

Argument I

DID THE PROSECUTION USE EVIDENCE  
THAT WAS TAKEN IN AN ILLEGAL  
SEARCH AND SEIZURE?

The search warrant was NOT properly executed. If the court looks at the search warrant statements of the officers involved concerning the executing of the search warrant and compare them with the records concerning the warrant, it will be made plain that there is NO synchronization. There could be NO other reason for this clear MANIPULATION, but to justify an illegal search AND/OR to mislead a jury. The search of defendant's home was UNCONSTITUTIONAL in all respects.

ON February 12, 2017, at 1507 hours (3:07 p.m.), officer C. Suppon stated that he was called to the residence at 5521B Old Forge Lane in Chesterfield Township. He stated that once there he was advised that a search warrant was granted and was being conducted on the residence and that he then began to photograph the residence as he observed it. He testified that he removed 17 items that he considered evidence in the present case. However, the search warrant and affidavit was NOT AUTHORIZED UNTIL 8:50 p.m., MUCH LATER THAN THE ACTUAL SEARCH WHICH TOOK PLACE EARLIER THAT AFTERNOON.

Defendant is NOT contesting the fact that there was a valid search warrant, but that there was NO valid search warrant at the time the search was conducted, making the search that afternoon of said residence illegal.

The Detective (Det.) Chris Delor, deliberately misled the Magistrate Judge and requested the search warrant at 8:50 p.m. The Det. sent the request at 2041 hours (8:41 p.m.) and the

Affidavit was not signed in front of a Notary at all. The defendant points out that the bet sent the documents by fax machine as opposed to hand delivering it to the Magistrate Judge. Further, according to the requirements of the Notary Services the individual having their signature notarized must be present when it is done. This was not the case here and that, on its face, in addition to the above, makes the affidavit invalid and the search warrant unconstitutional.

The search warrant was subsequently faxed back to the bet. and he received it at 10:13 p.m. This makes the search of defendant Beck's home illegal.

The United States Supreme Court (USSC) has explained exactly what it means to follow the constitution and "ever since its inception, the rule excluding evidence seized in violation of the fourth amendment has been recognized as a principle made of lawless police conduct. See *Weeks v. United States*, 232 U.S. 383, 391-393 (1914). Thus, the major thrust is a deterrent one, see *Linkletter v. Walker*, 381 U.S. 618, 629-635 (1965), and experience has taught that it is the only effective deterrent to police misconduct in the criminal context, and that without it the constitutional guarantee against unreasonable searches and seizures would be a mere "form of words". *Mapp v. Ohio*, 367 U.S. 413, 455 (1961). The rule also serves another vital function - the imperative of judicial integrity." *Elkins v. U.S.*, 364 U.S. 206, 222 (1960). Courts which sit under our constitution cannot and will not be made party to lawless invasions of the constitutional rights of citizens by permitting unhindered governmental use of the fruits of such invasions." These very precedents were established to safeguard against illegal search and seizures such as in the present case. Further, there was no "hot pursuit" to justify a warrantless

entry / search of defendant's residence. Anything obtained during this illegal and unconstitutional search and seizure (i.e., this "lawless invasion") would be considered poisoned fruit and its continued allowance is exactly what the above cited precedent dreams permitting unhindered governmental fruits of such invasions.

Defendant Beck contends that Det. Greer had no authority from him to enter his home at 3:07 p.m. February 12, 2017. Instead the police broke into his home and basically committed the crime of home invasion. The police had no search warrant as is evidenced by the attached documents and thereby violated the fourth amendment to the U.S. Constitution and the Mich. Const. Article 1 sec.

The inestimable right of personal security belongs as much to the citizen on the streets of our cities as to the citizen cloistered in his study to dispose of his secret affairs. As the courts all across this country have always recognized, no right is held more sacred or more carefully guarded by the common law than the right of every individual to the possession and control of his own personal freedom from all restraint or interference of others unless by clear authority of law. *Union Pac. R. Co. v. Boatsford*, 141 U.S. 250, 251 (1891).

The courts have stated that "the fourth amendment protects people, not places." *Katz v. U.S.*, 389 U.S. 347, 351 (1962). And, where an individual may harbor a reasonable expectation of privacy". *id.*, at 361.

Thus, the search of defendant Beck's home was a violation of the fourth amendment to the constitution which results in all the physical evidence being thrown out as fruit of the poisonous tree.

Relief sought

Wherefore, Defendant-Appellate requests that  
this Honorable Court to remand and vacate all charges  
and enter a dismissal of all charges.

Respectfully submitted,

## Argument II

Did the prosecution knowingly use false testimony taken under oath from state witness's to convict Mr. Beck even though DNA provided his innocence?

Did the prosecutor knowingly use false testimony from the following.

1.

1. Cassey Schafer

5-15

2. Tonya Beck

16-17

~~18~~

3. Alysia Reed

18-~~24~~

4. Tiffany Gates

19-24

A due process violation presents a constitutional question that this Court reviews de novo. *People v. Wilder*, 485 Mich 35, 40; 780 NW2d 265 (2010). It is inconsistent with due process when the prosecution allows false testimony from a state's witness to stand uncorrected. *Napue*, 360 U.S. at 269; see also *People v. Wiese*, 425 Mich 448, 453-454; 388 NW2d 866 (1986); *Giglio v. United States*, 405 U.S. 150, 153; 92 S Ct 763; 31 L Ed 2d 104 (1972). It is well established that "a state may not knowingly use false evidence, including false testimony, to obtain conviction, . . ."

"*Napue*, 360 U.S. at 269. Indeed, the prosecution has an affirmative duty to correct false testimony, and this duty specifically applies when the testimony concerns remuneration for a witness's cooperation. See *Giglio*, 405 U.S. at 154-155; *Wiese*, 425 Mich at 455-456. The responsibility "does not cease to apply merely because the false testimony ~~concerns~~ <sup>goes only</sup> to the credibility of the witness." *Napue*, 360 U.S. at 269. Nor is the blameworthiness of the prosecutor ~~relevant~~ <sup>relevant</sup>. *Smith v. Phillips*, 455 U.S. 209, 220 n10; 102 S Ct 940; 71 L Ed 2d (1982). Rather, while "not every contradiction is material" and the prosecutor need not correct every instance of mistaken or inaccurate testimony, *United States v. Mordian*, 59 F3d 767, 770 (CA8, 1995), it is the effect of the prosecutor's failure to correct false testimony that "is the crucial inquiry for due process purposes," *Smith*, 455 U.S. at 220 n10.

RECEIVED BY MSC 02/12/2019 1:02:51 PM

A prosecutor's capitalizing on the false testimony, however, is of particular concern because it reinforces the deception of the use of false testimony and thereby contributes to the deprivation of due process." *Demarco v. United States*, 928 F.2d 1074, 1077 (CA 11, 1991); see *Jenkins v. Artus*, 294 F.3d 284, 294-295 (CA 2, 2002) (stating that the prosecutor's promotion of the false testimony at summation "plainly sharpened the prejudice," "had no place in the administration of justice, and should neither be permitted nor rewarded") *Mills v. Scully*, 826 F.2d 1192, 1195 (CA 2, 1987) there may be a deprivation of due process if the prosecutor reinforces the deception by capitalizing on it in closing arguments. "1").

1 In side or something different of your vagina?

2 I don't understand that.

3 okay. His penis, was it --- was he just feeling the ~~outside~~

4 outside of your vagina with his penis or was he trying  
5 to stick his penis inside your vagina?

6 He was trying to stick it in.

7 Okay. And did you say anything to him when he was doing  
8 that?

9 I told him to stop.

10 One time? More than one time?

11 More than once.

12 Did he listen?

13 No.

14 Did he continue having, having his penis go inside your

15 Vagina?

16 Yes

Sara Super testimony on Nov 17<sup>th</sup> 2017 of the hymen  
Vol. IV pg 132

4 All right. How about the hymen.

5 No acute trauma.

6 How about the Vagina?

7 The patient declined the speculum portion of the exam.

8 I didn't, actually, examine the inside of the vagina.

Sara Super's testimony on excoriation of Cassey's  
Femal parts, Nov 17<sup>th</sup> 2017 pg 130. see exhibit

14 Excoriated reddened tissue.

15 Okay, when you say ~~that~~ that, is that a like, acutal cut.

16 Or it's just the tissue is red?

17 Just like the skin is red. And excoriated is look like a  
rubbing, like friction, you know, was applied.

Gail Lippert's testimony on excoriation of Mr Beck's penis. She a forensic nurse that examined Mr Beck physical condition and took DNA samples of Mr Beck  
On Friday Nov 17 Vol. IV pg 159

14 Are you familiar with the name excoriated?

15 Yes, I am.

16 Okay. You didn't notice any excoriation on the penis?

17 No, I didn't.

18 So, no injury from rubbing.

19 No, I didn't

20 Because we understand excoriated to be rubbing type

21 It can be, yes.

Sara Super same nurse. Nov 17th Vol. IV pg 123

4 All right. Did you ask whether or not lubricant was  
5 used?

6 Yes?

7 And what did she say?

8 She didn't know.

9 How about a condom use?

10 She said no.

DNA Expert Mr Good on Nov 28<sup>th</sup> vol VI pg 36  
12 so, if I understand that correctly, the defendant's  
13 penile ~~swab~~, which obviously comes from his penis  
14 that's correct.

15 On those swabs there were zero DNA from Casey  
16 discovered?

17 That is correct. She was excluded from that.

DNA expert Mr. Good testifies on James Kinney's DNA  
on Nov 28<sup>th</sup> vol VI pg 32

1 And ask you, on lab six, was James Kinney's data  
2 analyzed to see if he was, in fact the unknown  
3 contributor to the labia majora?

4 Labia minora yes.

5 He was, then?

6 Yes, he was compared

9 Okay. So, this time, the question that was asked of strmix.  
10 is, is it more plausible the DNA from the labia minora  
11 swabs were from Casey Schafer and James Kinney,  
12 or Casey Schafer and some unknown unrelated  
13 contributor. And in regards to these DNA typing  
14 results, It's 31,000 times more likely if it originated  
15 from Casey Schafer and James Kinney than if it  
16 originated from Casey Schafer and one unrelated unknown  
17 individual. So this is strong support that James Kinney  
18 is a contributor to the DNA profile from the  
19 labia minora swabs of that first fraction

1. Cassey Schafer gave testimony on November 15<sup>th</sup> 2017 that Mr. Beer sexually assaulted her we assert that is not true.

Cassey testifies and admits to having sex with James Kinney but in pre lim exam on April 7<sup>th</sup> 2017 she is stopped by the prosecution's objection

Cassey in trial on Nov 15<sup>th</sup> 2017 Pg 164-165 ~~Vol II~~ Vol II

- 19 Was there anytime during that night that you ended  
20 up hanging out with James Kinney?

21 Yes.

- 22 And I guess we're going to kind of have to explain what  
23 it means to hang out, or hook up, or that kind of stuff.

24 What happened with you and Mr. Kinney?

25 We like had sex, I guess.

- 1 Okay. Why do you say I guess  
2 Because it wasn't really sex.  
3 Okay. What do you mean it wasn't really sex?  
4 Well, he couldn't really do it.  
5 Okay. How come?  
6 Because it hurt.  
7 Him or you?  
8 me.  
9 Okay. Did you tell him ~~it~~ it was hurting?  
10 Yes.  
11 Okay. So did he stop?  
12 Yes.

- 21 That's okay, as long as we get, as long as we get the  
22 answer that's fine.  
23 So, 1:00, 2:00 or at when you first got to the \$  
24 Beck hom you were alone in a room with Mr. Kinney?  
25 Not at first we like went in the into Colton's room and

1 hung out.

2 You just hung out?

3 Yeah.

4 Did anything else happen in that room?

5 Ms. Blank: Objection, Judge.

6 Mr. Zivian: Your Honor, may we approach the  
7 bench?

8 The Court: You may.

9 Mr. Zivian: Can the witness for a moment sit  
10 back with the --- with the aide while sidebar?

11 The Court: Let's go over this way.

12 (At 2:50 P.M., discussion off the record)

13 (At 2:52 P.M., discussion concluded)

14 The Court: The record should reflect a sidebar  
15 with prosecutor and defense counsel regarding information  
16 on the other thing that may or may not have occurred. I  
17 -- my understanding that's all privileged, that'd be ~~not~~ dealt  
18 with at some other date or some other court, but that's  
19 not --- and this is preliminary examination also, so ---

20 Mr. Zivian: Your Honor

21 The Court: -- I'm not going to allow questioning  
22 onto that, okay.

23 Mr. Zivian: I hear the court, I'm not arguing  
24 with the court after it's ruled, I would just like my  
25 objection to the court's ruling to be placed on the

1 record.

2 The Court: Go ahead.

3 Mr. Zivian: So, I am objecting

4 The Court: I don't get offended, go ahead.

5 Mr. Zivian: Oh, no, I appreciate that, your

6 Honor. I am objecting to your Honor's ruling which does

7 not allow me to get into what ~~may~~<sup>might</sup> or might not have

8 happened in that room that was just mentioned by the

9 witness.

10 The Court: All right.

11 Mr. Zivian: I object because that's a key part ~~of~~

12 of my defense, your Honor.

13 The Court: And my understanding is Rape Shield

14 Law may prohibit you from questioning on that. Now you

15 know, but I fully expect to be appealed on that ruling and

16 I fully expect to be appealed on the closing the court room

17 from Macomb Daily. Go ahead. And I'll probably lose

18 both.

19 Mr. Zivian:

20 Just to comply with his Honor, with what the Judge just

21 said, what his Honor just said, anything I ask you going

22 forward now, I'm not asking you about further about what

23 did or did ~~not~~<sup>not</sup> happen in a room with just you and James,

24 ~~do you understand~~ do you understand

25 Yes

the defendant has a due process right to access certain information possessed by the prosecution; Brady v. Maryland, 373 U.S. 83; 83 S.Ct 194; 10 L.Ed.2d 215 (1963); ~~Ex. 25~~, People v. Carter, 415 Mich 558, 593; 33 NW2d 314 (1982).

Napue v. Illinois, 360 U.S. 264, 269; 79 S.Ct 1173; 3 L.Ed.2d 1217 (1959). Mr. Beck attorney was not trying to have the rape shield law ~~lifted~~ ~~for~~ lifted ~~for~~ for credibility, it was for, to show that there was another person that could have injured her, when the court ruled in favor of the prosecutor to uphold the rape shield law the court misused the law in this case and violated Mr. Beck's Due process Rights, Right to confrontation, Brady v. Maryland a reversal is ~~not~~ proper in this case. The prosecutor was aware of the relationship with Mr. Kinney before pretrial Detective Delor testifies to the fact on Nov 28<sup>th</sup> 2017 Vol VI pg 87-88

22 Yes. I spoke with Casey being with James Kinney before

23 I knew that DNA was James Kinney.

24 And of course, she admitted that she had sex with James

25 Kinney. Pg 88 1. Correct

The current standard is if the police have knowledge then the prosecutor has knowledge of any case in their possession or under their control we must assume knowledge of the case by the prosecutor.

1 complainant to lie? Are there underlying principles  
2 such as a mother asking the child to lie? Are there  
3 problems in the home? He has a duty to check those. He  
4 didn't. He didn't. I know him. We worked together.  
5 He's a great guy. When he was a detective we had good  
6 cases together. But, in this case, he didn't consider  
7 the alternative hypotheses, which he must in a child  
8 sexual assault case.

9 And, then, we have the missing witnesses.  
10 Where are they? Maybe they're working for NASA. Maybe  
11 they're in Antarctica. But, where's Crystal? Where's  
12 Crystal? Crystal live across the street. She's an  
13 adult. Remember? The testimony was that Tiffany told  
14 Crystal. She's all excited, oh, I was sexually  
15 assaulted. Where's Crystal? Why isn't she here? Ms.  
16 Blank will stand up in rebuttal and say I don't have to  
17 call everybody, or say he could have called her, he  
18 could have called her. It's their case. Where's  
19 Crystal? Why isn't she here? And where's Mrs. Solomon?  
20 Remember, remember yesterday, at about 11:30 in the  
21 morning, Ms. Blank read her witness list to you and she  
22 read four witnesses. One of them was Mrs. Solomon.  
23 Well, she's the CARE House worker who interviewed  
24 Tiffany. Now, don't you think she's an important  
25 witness. Where is she to describe to you the demeanor

2. Tonya Beck testified against Mr Beck on 2 separate ~~occasions~~ occasions July 6th 2016 & Nov 17 2017.

Tonya Beck testifies July 6th 2016 about when she moved out of the Becks home. pg 67

1 And is there a time when you no longer lived at that particular trailer?

3 Yes.

4 When was that, that you moved out?

5 September, I believe, of 2015.

6 And why did you move out?

Tonya Beck Nov 17 2017 pg 189

14 At some point do you move out of that house?

15 Yes, I did

16 When was that?

17 It would have been in 2015, I believe or the beginning of  
18 2016.

19 Why did you move out?

20 Because what I had heard had happened between my daughter  
21 and my ex-husband.

22 And when she told you about something, did you move out  
23 a month later, a week later, that day?

24 I moved out immediately.

She moved out weeks before see police report Chesterfield  
over Ashley receiving drugs from Tonya Beck 10-16-15

Tonya Beck Testifies about her giving Ashley Beck marijuana on July 6<sup>th</sup> 2016. pg 77

15 And, in fact, you had shared marijuana with Ashley.

16 No.

17 How old is Ashley?

18 Ashley is going on 17.

Tonya Beck Nov 17, 2017 pg Vol. IV

11 Very mad at Mr. Beck.

12 I was mad, yeah.

13 Okay, which of the children did he say that you had done

14 marijuana with?

15 Ashley Beck.

See police report Exhibit Chesterfield PD 10-16-15

Tonya had motive to get Back at Mr. Beck

She admits it in trial Nov 17 Vol. IV motive to lie also about Mr. Beck. See People v Wiese, 425 Mich 448, 453; 389 NW2d 866 (1986) see Lester, supra at 278

1 Oh, and then Ms. Blank says, well, you know,  
2 she said it happened twice, once over the breast, once  
3 over the vagina area with the clothing. If she was a  
4 liar, she'd make it a real whopper. Oh, that's great.  
5 That's great. So any time a person is facing a sexual  
6 assault charge, unless it involves barbaric and sadistic  
7 penetration she must be telling the truth.

8 Thirty minutes, 30 minutes. Who says about  
9 this 30-minute comment? Tiffany, the same person who  
10 asked Gage and Alexi to lie. You notice Ms. Beck didn't  
11 even ask our client, did you say anything about 30  
12 minutes. She didn't ask Colton that either. Nobody  
13 concurs in that 30-minute comment but Tiffany. Oh,  
14 yeah, we should believe Tiffany over every other  
15 witness.

16 When it's all said and done, the prosecution  
17 makes a final argument and when she makes her final  
18 argument the rebuttal is usually very brief. She's  
19 skilled. Realize that what ever new claims she makes,  
20 what ever new spin she makes, Mr. Abdo and I would have  
21 a response. We can't stand up, though, at the  
22 conclusion of the prosecutor's rebuttal because the law  
23 doesn't allow it. They give her the extra argument  
24 because she has the burden of proof. That colossal  
25 immense burden of proof that our forefathers fought for

3. Alysia Reed (Beck) testified on Nov 21<sup>st</sup> 2017 vol v that her father James Beck sexually assaulted her also from 2007-2008

Alysia claims she told police & school & cps about the alleged assault. see Exhibits of Almont police reports, cps reports, pg 26 & 37 Line 14-15  
Line 20-25

Alysia Claims that her father burnt her journals see Exhibits Almont Police Report see pg 29 Line 3-14

Alysia claims her grades went from A's to failing See pg 22 also see Exhibits Almont Police reports.  
Line 9-11

Alysia claims she didn't talk to any of us during the divorce, see pg 38 also see Exhibits Almont Police reports  
Line 12-19

All Exhibits were offered to prosecutor before trial Mrs Blank said no thanks, she did have all the Almont police reports so again the prosecutor knew about all the false testimony but didn't correct any of it see Napue v Illinois, 360 U.S. 264, 269, 79 S.Ct. 1173; 3 L Ed 2d 1217 (1959), People v Wiese, 425 Mich 448, 453; 389 NW 2d 866 (1986) United States v Agurs, 427 U.S. 97, 103, 96 S.Ct. 2932, 496 L Ed 2d 342 (1976)

4. Tiffany Gates accuses Mr Beck of sexual assault in 2013 & 2015 ~~in~~ ~~in~~ trial on Nov 17 2017  
Tiffany testifies that she was sitting on Mr Beck's lap in Feb of 2013 when the alleged assault happened

Tiffany Vol IV Nov 2017 Pg 209, 224

- 24 Do you <sup>remember</sup> ~~remember~~ how you were sitting on his lap?  
Yeah. It was like my knees up and I had them closed.

On cross exam Nov Vol IV

- 16 Okay, when you say, you have your knees up, what are they  
17 up on?  
18 My feet are resting on the chairs, like on the bottom part of the chair.

First trial July 6th Tiffany Gates 2016 Pg 20

- 14 Okay, Do you remember how you were sitting?  
15 Like, if you were sitting in a normal chair with your  
16 legs down and closed.  
17 And so your legs ~~were~~ <sup>were</sup> down and closed?  
18 Yes.

Tiffany in trial on Nov 17 2017 talking about the 2013 Assault she says that its summer of 2013 in the second trial but in the first trial she says ~~that~~ its winter.

Tiffany 2nd Trial Nov 17 2017 Pg 226

14 I think it was, like, the afternoon.

15 Okay. Was it a school day or not a school day?

16 I don't remember. I think it was in the summer.

17 Okay. All right. So, if it was in the summer, in the  
18 afternoon, it would be light out?

19 Yes,

Tiffany First trial July 6th 2016 Pg 18

11. Okay. Do you remember that, ~~do~~ you remember back

12 when you moved there, was that around February of 2013

13 Yes

14 Okay. What's the first thing that you remember that  
15 happened?

16 We were sitting on the - by the computer, which is  
17 right by the room

Tiffany in trial says that she got off Curt's lap and went out side 1<sup>st</sup> trial that is July 6<sup>th</sup> 2016 2<sup>nd</sup> trial she tells a different story.

Tiffany July 6<sup>th</sup> 2016 Pg 25

2 SO where do you go once you get off of Curt's lap?

3 I went to the park.

4 Did you go alone or did you go with other people?

5 I went alone.

6

Tiffany Nov 17 2017 pg 212

1B Okay, Are we talking seconds or minutes?

A couple of seconds.

Okay, what do you do after the second time he rubbed your vagina?

I got up and left.

Where did you go?

I can't remember if I went to crystals or my room.

T: ffamy test: Pres July 6th pg 52+55

1 Back to four years ago, five years ago, was this in the  
2 spring, summer, fall or winter?

3 September. I was like in the middle of fall, beginning  
4 of winter.

5 Do you remember being in the witness -- being in a  
6 courtroom many months ago? Remember testifying in a  
7 different courtroom?

8 Yes.

9 And didn't ~~you~~ you say that it could have been spring,  
10 summer, ~~or~~ fall or winter? Do you remember saying that?  
11 No

12 Mr Kaplan: May we have page 28, please.

13 may I approach the witness, Your Honor.

14 The Court: yes

15 Mr. Kaplan: Judge, I don't want to invade the  
16 witness's space, but I might have to read something ~~here~~.  
17 here.

18 (By Mr Kaplan) Yes see on page 28, line 18, Can you read  
19 that question to us?

Pg 55 Mr Kaplan Reads into record

~~Mr~~ Mr Kaplan: So, now, I'd like to read into ~~the~~  
the record, the question was: Was it spring, summer,  
fall or winter? Answer: Between spring and winter,

Tiffany in first trial is asked by Mr. Kaplan ~~now~~ about the first time I allegedly touched her

Tiffany July 6th 2016 Pg 55

18 (By Mr. Kaplan) Now, in this trailer you say that Curt  
19 touched you about four years ago. Do you remem?

20 Yes

Tiffany testifies to her age on July 6th 2016

5 Tiffany, how old are you?

6 Almost 13. So, 12 right now.

7 When's your birthday?

8 August 15th

Tiffany Pg 18 admits that the first time it happened was 2013. She reports it in 2015 to Chesterfield PD but she admits it happened four years ago that actually ~~would~~ would place it in 2012 not 2013 and in 2012 of ~~February~~ February 2012 Mr. Beck was living in ~~Macomb County~~ ~~Macomb County~~ Lapeer County not Macomb County. ~~so~~ so with this information the ~~the~~ Court would have to vacate the sentence of Mr. Beck and award him a new trial.

Failure to correct false testimony requires reversal.

Giglio, Supra at 154, [\*\*\*26] Weiese, supra at 454, United States v. Agurs, 427 U.S. 97, 103, 96 S.Ct. 2932, 49 L.Ed.2d 342 (1976).

Relief Sought  
wherefore, Defendants - Appellates request that  
this Honorable Court to remand and vacate all  
charges.

Nature of Offense:

1100-1 - Sexual Assault CSC 1st

Victim(s):

Schafer, Casey Mae

Suspect(s):

Beck, James Curtis

Evidence:

SH17-487-1A1	James Beck buccal swab
SH17-487-2A1	Known buccal from Casey Schafer
SH17-487-2E1	Labia minora swabs
SH17-487-2J1	Right breast swabs

Results of Examination:

DNA recovered from the above submitted samples was processed using the polymerase chain reaction (PCR) and the PowerPlex® Fusion system. These profiles were evaluated using STRMix™, a probabilistic genotyping software application.

Conclusions:

A partial DNA profile was obtained from item SH17-487-1A1 (James Beck buccal swab) that is sufficient for comparison purposes.

A DNA profile was obtained from item SH17-487-2A1 (Known buccal from Casey Schafer).

Interpretation of item SH17-487-2E1 (Labia minora swabs - fraction 1) was performed assuming that the DNA profile originated from two individuals. Item SH17-487-2A1 (Known buccal from Casey Schafer) was assumed to be a contributor to item SH17-487-2E1 (Labia minora swabs - fraction 1).

Hypotheses:	H1: Item SH17-487-2A1 (Known buccal from Casey Schafer) and one unrelated, unknown contributor H2: Item SH17-487-2A1 (Known buccal from Casey Schafer) and one unrelated, unknown contributor
Conclusion:	Based on the DNA typing results obtained from the Labia minora swabs, it is at least 1,100 times more likely if it originated from Casey Schafer and one unrelated, unknown individual than if it originated from Casey Schafer and James Beck.
Verbal Scale:	This analysis provides strong support that James Beck is not a contributor to the DNA profile developed from the Labia minora swabs - fraction 1.

A partial DNA profile was obtained from item SH17-487-2E1 (Labia minora swabs - fraction 2) that is not sufficient for comparison purposes.

Interpretation of item SH17-487-2J1 (Right breast swabs) was performed assuming that the DNA profile originated from three individuals. Item SH17-487-2A1 (Known buccal from Casey Schafer) was assumed to be a contributor to item SH17-487-2J1 (Right breast swabs).

Hypotheses:	H1: Item SH17-487-2A1 (Known buccal from Casey Schafer), item SH17-487-1A1 (Known buccal from James Beck), and one unrelated, unknown contributor H2: Item SH17-487-2A1 (Known buccal from Casey Schafer) and two unrelated, unknown contributors
Conclusion:	Based on the DNA typing results obtained from the right breast swabs, it is at least 1,800 times more likely if it originated from Casey Schafer and two unrelated, unknown individuals than if it originated from Casey Schafer, James Beck, and one unrelated, unknown contributor.
Verbal Scale:	This analysis provides strong support that James Beck is not a contributor to the DNA profile developed from the right breast swabs.

**Remarks:**

Item SH17-487-2E1 (Labia minora swabs - fraction 1) may be eligible for Y-STR testing. Please contact the analyst listed below for additional information, if needed.

DNA types from item SH17-487-2J1 (Right breast swabs) were entered into the COmBined DNA Index System (CODIS).

Please submit a known buccal swab collected from potential donors to this case to be used for further analysis and comparisons.

The propositions were formed from the information available to the undersigned at the time of analysis. If this information changes or if other propositions should be considered, the analyst is able to undertake them if instructed with sufficient time.

The magnitude of the likelihood ratio relates to the degree of support provided by the evidence under the tested hypotheses and assumptions. The qualitative statement for a comparison of the evidentiary typing results to a person of interest is based on the following table:

Likelihood Ratio	Qualitative Equivalent
0	Exclusion
>0 to 99	Uninformative

Also of significance is the blue recliner behind Wyatt which was my mother in laws. She passed mid Aug. we moved her furniture to my brothers early September. Again, Tonya was already out of home. Her and Tiffany came over as we moved furniture in.

Have a great day!

#### INTERVIEW COMPLAINANT:

I talked with Alycia who stated that her father (James Beck) has been visiting her on and off for the last three weeks or so. Alycia stated that her father would like to get back in touch with her and misses her. Problem is that there is still the PPO against Alycia against her and her family.

Alycia stated that she is a senior that was previously married to her step-mother. Alycia said that she married the father on 3-15-10 at the local church. Her father made mention that she would like to see Alycia and her father work things out but she said that she has a hard time doing so.

Alycia did state that she did want her father back to tell her that she really didn't want anything to do with him because of what has happened in the last two years or so. Alycia said that maybe some day she could talk to her father once again and show him that it's good to be.

I asked Alycia if she would like me to talk to her father for her and she stated that she would. I told her that I would like to see her and talk to her about the PPO and how it affects her until the PPO is either lifted or expired.

#### INTERVIEW WITH JAMES BECK:

I talked with Mr. Beck at his home on Branch street. Myself and Mr. Beck walked down the street and talked Dad to Dad. I have been dealing with the Becks for some time and have been acting as an liaison between James and his daughter for some time.

I advised Mr. Beck that he was violating his PPO as well as his wife Wendy. Mr. Beck said that he was aware of it but just wanted to talk with his daughter. Mr. Beck said that he's stuck between a rock and a hard place involving his wife and Alycia.

Mr. Beck said that he didn't want anything to do with the PPO in the first place and it was all his wife's idea. I told Mr. Beck that for Alycia to have any contact with him, the PPO has to be lifted or expired. Mr. Beck said that he would like to see Alycia and just wants to be part of his daughter's life again. I advised Mr. Beck that if Alycia does contact him, she would be afraid of being dragged into court for violation of the court order.

Mr. Beck said that he has been trying to get his wife to see his side of the story and that Alysia is his daughter and its killing him not to see her or be with her. I advised Mr. Beck that he had to work that out with his wife before things were really out of reach between himself and his daughter. Mr. Beck said that this has put a real strain on his family and that he has been alone for a few years. Mr. Beck loves his kids, all of them and his wife but his wife just isn't bringing them Alysia home.

I told Mr. Beck to stop all contact until the PPO issue is resolved. After that maybe himself and his daughter could meet in a neutral place and try to work things out in baby steps. Mr. Beck with tears in his eyes thanked me and asked me to keep in touch about what's going on.

RE-CONTACT ALYSIA RE: PPO

I recontacted Alysia and advised that I had talked with her father for the last 10 minutes. I advised her that her father really opposed to her being in her father's home and that he wanted that to happen. I advised Alysia that I was not going to stop all contact until the PPO is finalized. I offered my services to Alysia to act as a mediator between the two of them if she so wished.

James Beck denied the allegations. He reported that he believes that Ashley and Amber are being coerced by their older sister and mother, Wendy.

During a Case house interview, Ashley was inconsistent with the information that she provided. Chesterfield police does not wish to proceed with any criminal charges against James.

An psychological evaluation was scheduled [redacted] childset to be evaluated by Dr. Ryan. Wendy failed to keep her scheduled appointment.

It was recommended that the family continue services as recommended and administer medications as ordered. It was also recommended that Ashley enroll in counseling. The family was provided a list of community resources

To Whom It May Concern,

I am applying for a personal protection order against my step-daughter because I know that she is a danger to my children as well as myself. While living under our roof Alysia physically, mentally, and verbally abused her half siblings on a regular basis. I was truly afraid for my children while she lived in our home. The worse was when she held a steak knife up to our then 12 year old because she was chewing her food to loud. I still am afraid for them because she approaches them when we are not around.

She also verbally abused myself and her Father anytime we refused her anything. She also snuck out of our home at night according to neighbors during last summer on a regular basis. While living at home she lied about everything and stole from the family on a regular basis. She even stole from her best friend while staying at their home.

Last July when Alysia turned 17 she moved out of our home for two weeks and lived with a 19 year old young man and his Father. During that time Alysia ran in and out of our home and all hours of the night and kept threatening us on a regular basis. She had the young man who was then her boyfriend call and threaten my husband. She would tell us that she would contact protective services and tell them we abused her and that my husband raped her if we didn't allow her to keep this life style she was choosing to live.

My husband found out that Alysia had been raped at a graduation party and had a pick up order granted so we could get her help. The emergency room doctor said that she was suffering from depression and recommended seeing a psychiatrist. So we took her to see a doctor who specialized in children. My husband told her about the mood swings, hearing and seeing ghosts, and the fact that she said a ghost sliced her up when we found cuts on her chest, neck, and forehead(that she displayed by wearing an open shirt and pulling her hair back. Alysia is an attention junky.) She

diagnosed Alysia with bipolar and schizophrenia and put her on two medicines to help. We noticed a difference in Alysia's moods right away and were so relieved. A month went by and we could tell that Alysia's moods were gradually reverting to her old ways and I told the doctor but she said that she felt Alysia was an incorrigible child and that we should try asking the courts for help. We were turned down by the prosecutor according to the police because she was 17 and legally an adult. Alysia stopped taking her medicine altogether and said there was nothing wrong with her and the doctor was wrong.

Alysia moved out again after the police had to be called to our home because she got out of control during a disagreement with her father over a punishment she was receiving for getting a MIP. She felt my husband was butting in and being unreasonable because he found out she lied to school officials. My husband had the school extend her suspension for not being truthful and for not caring that she had done this on school grounds.

Since moving out Alysia has had her friends threaten and harass our oldest children at school and around our town. To the point where my husband had to have a lawyer right out a warning letter stating that legal action would take place if the young female and Alysia didn't stop. She also worked in the local McDonald's with myself and my oldest son where she would loudly talk about our family problems in front of our co-workers on a regular basis. We made sure with the help from the management that she was kept on a separate work shift because of this and because she was openly antagonizing her brother and myself in front of crew and management. Since leaving the house Alysia sends us letters that she leaves for me at work to text messages to her Father. These are either threats or love letters depending on what mood she is in at the time.

When she sees my children around town she or her friends go up to them and threaten them. She approached my nine year old daughter and said she was going to get her if she didn't give her

back her cd's and then said don't tell Mom and Dad that I talked to you. She text my oldest son and told him that she would make his parents pay for treating her badly. She had her boyfriend and his friends (who are adults) threaten our son when he was playing basketball at the park. We told the police and they said they would talk to Alysia and the young men. Then when my husband approached the young men to tell them to stay away from our son the boyfriend hit my husband twice in a place of business knocking him unconscious for a moment. While Alysia cheered him on and yelled across the store that my husband was going to be in big trouble for raping her. This was caught on tape at our local gas station. Alysia loves to say this to everyone but the authorities. She even had a chance to tell protective services when interviewed by them in February but never did. You would think if my husband abused his daughter is such away she would of told someone who could help her instead of just spouting off to kids and strangers. Again she is an attention junky who enjoys any kind of attention good or bad.

I hope you can understand why we would like this ppo put into effect immediately for our children's mental as well as personal safety. We live in a small town and she has easy access to her siblings as well as myself. I am in fear of what she will do next. She is out of control and mentally ill and she knows that the best way to hurt myself and my husband is to go after our kids.

To Whom It May Concern:

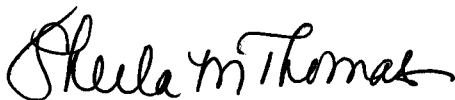

I am writing this letter to make all concerned aware of my knowledge of various custody and parenting time schedules for four children within the home of James Beck; specifically Colton Beck, Wyatt Beck, Tiffany Gates, and Dylan Dobson in 2013. I know for certain the following:

- James Beck resided in Lapeer County until February 2, 2013.
- In February and March, 2013, Wyatt and Colton Beck resided with their mother in Romeo. Wyatt attended Imlay City Schools and Colton attended Romeo Schools. They visited the home of James Beck on the weekends only.
- In 2013, Tiffany Gates and Dylan Dobson were never present on the weekends or during breaks from school. Dylan went to his Dads, and Tiffany stayed with her great-grandmother, Sean, or her dad.
- Mid March, 2013, Colton Beck moved into The Beck home full time. He visited his mother on the weekends. This event put Wyatt and Colton at separate homes for parenting time. While one was with their dad, the other was with their mother.
- Mid March through Mid June, 2013, Wyatt was the only child at the home for parenting time on the weekends. Since Wyatt had no playmates, he stayed at my home. If Wyatt was not at my home, my son stayed at The Beck home. Wyatt and my son were the only children, if any, at the home of James Beck on the weekends.
- May 3, 2013 – Colton left for normal visitation with his mother and never returned to his father's home. Colton had no visitation with his father from May through mid December

I lived approximately 5 minutes from the home and visited frequently. I am able to provide numerous details about my conversations, observations, and participation with family members during this period of time. Due to the four children having different parenting/visitation schedules, involving three sets of parents, it is impossible they were all together while both James and Tonya were present during the above referenced time frame (see attached chart).

If you have any questions, or require additional information, please contact me at 586.980.9535.

Cordially,

Sheila M. Thomas

**Tonya's Actions Don't Add Up**

1. Repeatedly texted Curt after she filed charges. Never once did they say anything about how horrible he is for his "actions". They were along the lines of:  
I hope she can make you happy since I couldn't  
You're a great dad, keep your chin up  
I was going to come back until you called CPS
2. She was openly affectionate with him even after leaving the marital home.
3. She offered Tiffany to stay overnight with Curt even after she left the marital home.
4. She moved in with two unrelated adult males across the street from her daughter's "abuser"
5. She did not change her name in divorce. Why would she keep the last name of her daughter's abuser?
6. Tonya was a victim of sexual abuse that involved penetration when she was around 4. On numerous occasions she stated that she was very open and pro active with Tiffany.

Anything outside this schedule should be memorable because it was outside the normal.

Curt used only car for work. Sheila, Curt's sister, provided transportation to work for Tonya on Saturday and Sunday.

Impossible for all the four children to be present along with Curt and Tonya in 2013 due to the following:

- 1.) Wyatt resided with his mom and attended Imlay City Schools and **ONLY** visited weekends during school year. Hospitalized denied vistration for June
- 2.) Colton stopped living and visiting his dad from May to Mid December. **He had no contact with this Dad for over 7 months**
- 3.) Tonya's kids were gone **EVERY** weekend. She often said she got rid of her kids on weekends, but always had Curtis and never got a break
- 4.) Sheila watched Wyatt and Colton while Tonya worked on Sat/Sun. Sheila **never** watched Tiffany and Dillon, because they were always gone

Note Feb 2013 Curt's work schedule. He got off 6am on Fri mornings. Got home around 7am. Slept till 3pm. Got up, picked up Colton and Wyatt in Romeo while Tiffany and Dillon were leaving the Chesterfield home for the weekend. During the week he got home from work as the kids were getting up for school, slept until after they got home from school. As he showered and got ready for work, the kids were doing homework. He ate dinner with the kids then left for work. No time to "play" on the computer.

### THE ON-GOING ARGUMENT ABOUT TIFFANY NEEDING COUNSELING

1. Tiffany repeatedly grabbed Ashley breasts as far back as 2012. Tonya dismissed it as curiosity. Since it was not just a onetime thing, Curt felt it was abnormal and asked her to look into counseling.
2. Tiffany's volatile relationship with her father (see letter Tiffany wrote in 2013). When Curt saw the letter, he asked Tonya to take Tiffany to counseling.
3. The sleeping arrangements and type of people she is exposed to while with her father (see numerous letters to FOC from Tonya).
  - a.) Tonya expressed concerns numerous times in 2014 and 2015 that Tiffany was abused while at her fathers. Tiffany slept in an adult male's bed. Due to the amount of drinking, drugs, and type of people she was around, Curt was concerned that someone may have entered the bed while she slept
  - b.) She would cry and get extremely upset when her father was supposed to pick her up
4. Something significant happened mid 2014, which pushed Tonya to ask Curt to get married and adopt Tiffany. At the time, Tonya was not living with Curt. He agreed if Tonya and her kids got counseling along with him and his kids. Curt and his kids were already heavily involved in counseling. Tonya acknowledged to Sheila that counseling was part of their reconciliation agreement.
5. In the Fall of 2014, Tiffany broke down in front of Colton's counselor, Lexi Stone, because of her strained relationship with her father. Lexi and Curt both urged Tonya to get her in counseling.
6. Shawn Dobson, Dylan's dad, was charged with distribution and possession of child porn in early 2015. Tiffany slept in bed with him as late as Dec 2014. Curt was absolutely livid that Tonya did not get counseling for either of her children during this time. It was a constant source of heated arguments until she left the home in 2015. Sheila witnessed a couple of the arguments.
7. Spring 2015, Tonya reported to Curt that she observed Shawn Dobson grab Tiffany's breast. Curt advised her to call the police. She said "he is in enough trouble already" and never reported the incident. Again, this topic was a source of argument, so much so, that Shawn was not allowed at the home.

Tonya does not get her children the counseling because her drug and alcohol use will be exposed in sessions.

On February 12<sup>th</sup> 2013, Affiant was called by D/Sgt. Myers to respond to Chesterfield Police station to investigate a criminal sexual conduct report. Affiant arrived and was briefed by Ofc. Madill. Affiant spoke with witness Colton Beck. Colton Beck is the son of suspect James Curtis Beck. Colton Beck Stated on 2-11-17 he was at his home located at 52218 Old Forge Lane in Chesterfield Michigan. Colton Beck stated that also at his home was Witness James Kinney, Victim Casey Schafer, Brooklyn Thomas and his father suspect James Curtis Beck. Colton Beck stated that father had purchased a 750 ML bottle of "Fireball" liquor as a gift for Colton's 15<sup>th</sup> birthday. Colton stated that victim Casey Schafer was intoxicated and his father James Beck was dancing inappropriately with Schafer. Colton stated that he became upset and left the residence with Kinney and Thomas. Colton stated that he returned home a short time later. Colton sated that his father James Beck was walking out of the bathroom. Colton stated that he found Schafer vomiting into the toilet. Colton Beck stated that Schafer's pants and underwear were down to her ankles. Colton Beck stated that he asked Schafer what happened. Colton Beck stated that Schafer told him that James Beck carried her (Schafer) into his bedroom and "fucked" her. Colton Beck stated that Schafer told him that she vomited in James Beck's bed and James took her into the bathroom. Colton Beck stated that Schafer told him that she (Schafer) was vomiting in the toilet and James Beck started to "Fuck" her (Schafer) again from behind. Colton Beck stated that he left the residence with Schafer, Kinney and Thomas.

Affiant then spoke with witness James Kinney. Kinney gave the same sequence of events as Colton Beck gave. Kinney stated before they left the residence he was looking for Schafer's cell phone. Kinney stated that James Beck came out of his bedroom and gave him Schafer's cell phone. Kinney stated that James Beck told him that he found Schafer's cell phone under his (James Beck's) bed.

Affiant made contact with victim Schafer's mother Jennifer Zimmerman and advised her of the report that was made. Zimmerman brought Schafer, who 12 years old, to Chesterfield Police station. Affiant spoke with Schafer about the incident. Schafer stated that she was drinking the "Fireball" liquor that James Beck provided. Schafer stated that James Beck carried her into his bedroom. Schafer stated that James Beck pulled down her pants and underwear. Schafer that James Beck penetrated her vagina with his penis.

Schafer stated that she vomited in his (James Beck's) bed. Schafer stated that James Beck helped her into the bathroom. Schafer stated that she was vomiting in the toilet and James Beck penetrated her vagina with his penis again while she was bent over the toilet.

Based on the above facts and Affiants experience it is Affiants belief that evidence of this criminal sexual conduct will be located at 52218 Old Forge Lane, Chesterfield Twp, Macomb County, Michigan. Therefore, this request to search is being made.

Affiant contacted SANE and spoke with a secretary who advised upon arrest of the suspect an on-call registered nurse from SANE would conduct the examination on James Curtis Beck.
